

Chelsea Pensioners chip in with support.

The Royal Hospital Chelsea have donated equipment.

We have finally been able to make a collection from the Royal Hospital Chelsea. We were contacted initially at the beginning of the year with an offer of some desktop computers and monitors, but had been unable to facilitate collection. When we collect from donors we need to try and arrange collection from several on the same day in the same area, so as to minimise transport costs - a major drain on our limited resources. Fortunately we were contacted by Rokeby school in Kingston Upon Thames recently with an offer of desktops, and also St Edwards school in Oxford. Our driver Roger managed to collect from these schools and The Royal Hospital on the same day.

A big thank you goes to Kathryn Ballisat, who liaised with Isabel Prieto-Cordero, the Information and Communications Technology Manager at Chelsea, and also made a kind donation to our collection costs.
